

By 2025, California must reduce the amount of organic waste disposed of in landfills by 75%, and no less than 20% of edible food currently disposed of must be recovered for human consumption.

Food Waste = Leftover, spoiled or unused food

NOW – food waste without a plastic bag!

- Food Waste (e.g., Fruits & Vegetables, Coffee Grounds, Meat, Eggs, Dairy in small quantities)
- Grass Clippings
- Leaves, Weeds & Plants
- Garden Trimmings

And some things are staying the same.

Gray Bin

- Plastic bags
- Diapers
- Styrofoam
- Broken glass

Blue Cart

- Mixed Clean Paper
- Plastic Bottles
- Aluminum
