

CAREIT

Food Donation Tracking

A guide for **you**

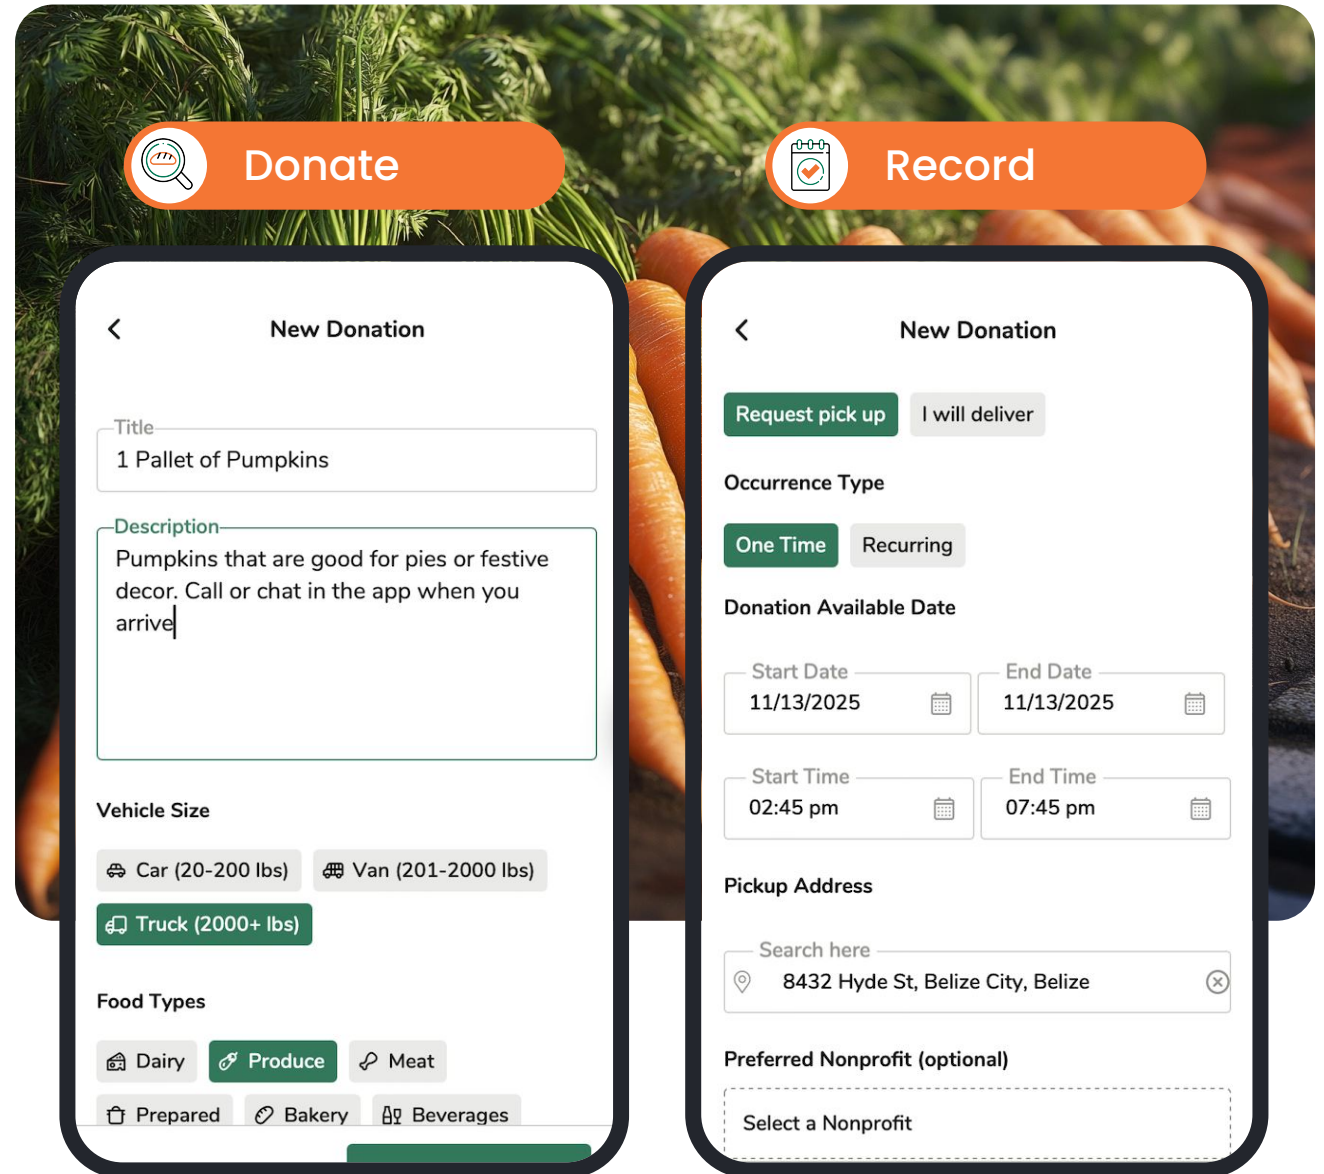

Food Rescue Compliance App

Careit serves as a digital solution that:

- Matches food donations from your business directly to nearby nonprofit organizations.
- Records all donation activities for compliance purposes.

Partner Management:

- Take charge of your partnerships by directly selecting which nonprofit organizations receive your donations.

Liability Protection

Donors have been federally protected from liability since 1996

BILL EMERSON and CALIFORNIA GOOD SAMARITAN FOOD DONATION ACT

FOOD DONATION IMPROVEMENT ACT

For more information and resources visit

<https://www.usda.gov/sites/default/files/documents/usda-good-samaritan-faqs.pdf>

What is SB 1383?

Reducing
Short-Lived
Climate
Pollutants
in California

California Legislation Passed in 2016

Two goals:

- Reduce organic waste disposal 50% by 2020 and 75% by 2025
- Rescue 20% of all surplus food by 2025

1 in 5

Californians are
Food insecure

Requirements for Tier 1 & Tier 2 Businesses:

- Donate the maximum amount of surplus edible food possible.
- Must not intentionally spoil donatable food
- Establish a contract or written agreement with a food recovery organization or service.
- Maintain records of your food recovery efforts:
 - Contact information of the food recovery organization.
 - Type, quantity in pounds, and frequency of food donations.

Commercial Edible Food Generators

Tier 1

Required to donate starting Jan 1, 2022

- Wholesale Food Vendors**
- Food Service Providers**
- Food Distributors**
- Grocery Stores (>10k sq. ft.) and Supermarkets**

Tier 2

Required to donate starting Jan 1, 2024

- Hotels** with on-site food facility and 200+ rooms
- Restaurants** ≥ 5K sq. ft. or 250+ seats
- Large venues and events**
- Local Edu. Agencies** with on-site food facility
- Health Facilities** with on-site food facility and 100+ beds
- State Agency Cafeterias** ≥ 5K sq. ft. or 250+ seats

Careit offers a **one-stop** solution for **SB 1383 compliance**

Post Food Donations

- Post donations to local nonprofit network
- Or assign donations to previously contacted partner
- Record staff take-home meals

View Auto-Generated Contracts

- Careit automatically generates downloadable agreements between your organization and nonprofit partners who claim your donations

View Maintained Records

Careit stores:

- Name and address of each partner
- Food types donated
- Donation frequency
- Quantity in lbs

Method 1

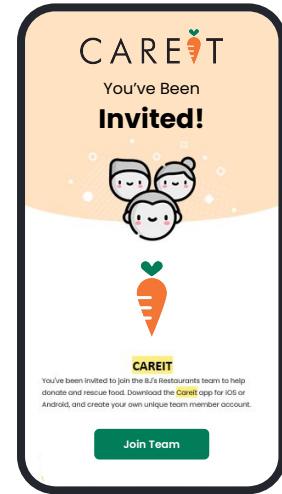

You have been invited to join your organization's account

1 Careit sends an account invitation email to the site point-of-contact email address

If you can't find the email, just visit my.careit.com and click **Get Started** then **Team Member**

2 Select **Location Name** and select **Next**.

If there are no pending invites, your account may have already been created and you'll need to reset your password

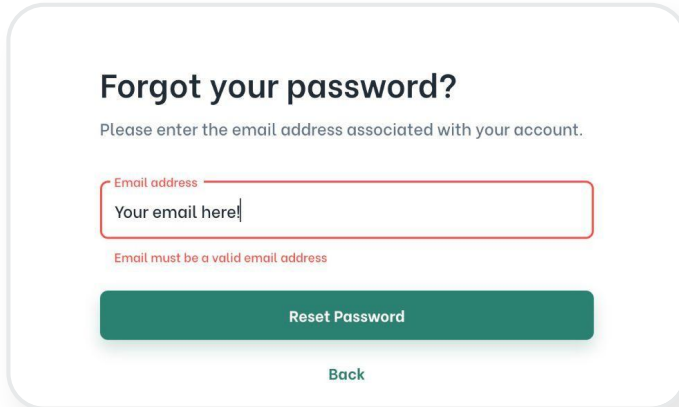

Team Invites

Twin's Supermarket

Next

Back

If someone previously created an account using your email address, you may need to reset your password.

- 1 Visit: my.careitapp.com/auth/reset-password or navigate to the log-in screen
- 2 Click or select **Forgot Password**
- 3 Type your email address & press **Reset Password**
- 4 Get the OTP (One-Time-Passcode) and enter that into the appropriate box on the password reset screen

Careit passwords must be at least 8 characters long and contain:

One uppercase letter

One lowercase letter

One number

One special character

Method 2

Create
new
location
account

1 Visit careit.com
and select **Sign Up**
in the top right corner

Or download the Careit App
and select **Create Account**

2 Select **Business** and fill in the
information as prompted. The
first page is for information
about you, the second page is
for information about your
business. **Contact Careit if
you're alerted a business with
that address already exists.**

You Can Donate

Dented cans or slightly crushed or damaged boxes

Near or recently past Best/Use/Sell-By Dates

All edible food, **including prepared food**

Essential non-food household supplies

Do Not Donate

Spoiled or contaminated food

Food stored outside a safe temperature range

Bulging cans or unsealed bags

Potentially Hazardous Food/Temperature Control for Safety (PHF/TCS) **and** has been prepped or opened (i.e., liquid eggs) for more than 7 days

PHF/TCS food not cooled to 41°F within 6 hours

Chicken Alfredo
Contains:
Dairy, Nuts, Allium
Prepped: 01/02/26

- 1 **Label** each donation bag/container with a small description of what the food is, list any allergens, and add the prepared on date/expiration/best by date, if applicable.
- 2 **Do not directly mix** different types of meats or foods in aluminum trays, quart containers, or plastic bags. For instance, rice must be packaged separately from steamed carrots.
- 3 Keep uncooked meats in **separate containers.**
- 4 PHF/TCS food must cool to 70°F within 2 hours and then to 41°F within 4 hours.

Responsible storage of donations helps ensure that donatable items do not get mixed back in with foods meant for regular operations.

Refrigeration

Store prepared food in a refrigerator if it will be picked up within 2 days. For longer storage, freeze the food.

Dedicated Space

Clearly label a specific area in the shelves, walk-in cooler, or freezer for donation items.

Freezer Storage

Place all Potentially Hazardous Foods (PHF) or Time/Temperature Control for Safety (TCS) foods in the freezer. **Exceptions** include: eggs, dairy products, fried foods, and produce.

Temperature Control

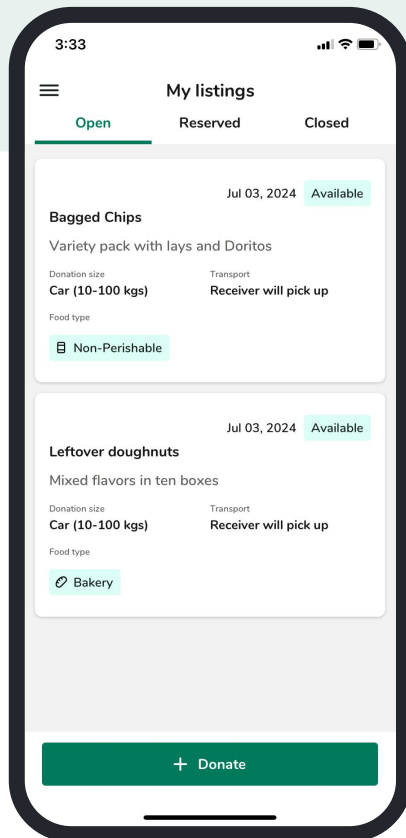

Ensure donations remain at the correct temperature until the donation driver arrives.

This means:

- Refrigerated items at 41°F (5°C) or below.
- Frozen items at 0°F (-18°C) or below.

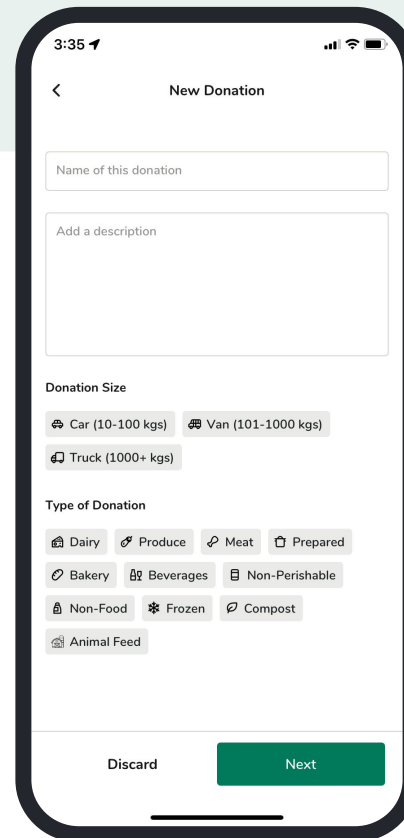

1

In the Careit app, select **Donate**

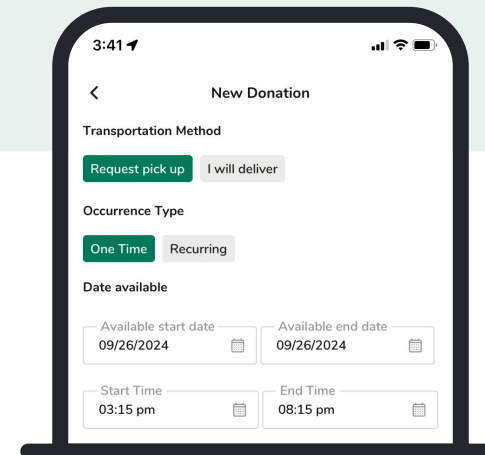

2

Fill in the form fields.
Use an appetizing title!

3

Finalize your donation details

Transportation Method:

Request pick up or offer to Self-deliver if you can

Occurrence Type:

One Time or upgrade for recurring

Date Available:

Post next day dates or give at least a 5 hour window

4

Location & Nonprofit

3:41

New Donation

Transportation Method

Request pick up I will deliver

Occurrence Type

One Time Recurring

Date available

Available start date 09/26/2024 Available end date 09/26/2024

Start Time 03:15 pm End Time 08:15 pm

Pickup Location:

Your account address is pre-filled.

OPTIONAL - Non-profit Assignment:

Do not choose a nonprofit unless they have already agreed to reserve your food donation on Careit.

5

Upload a photo and post!

Photos

You can upload up to 6 photos

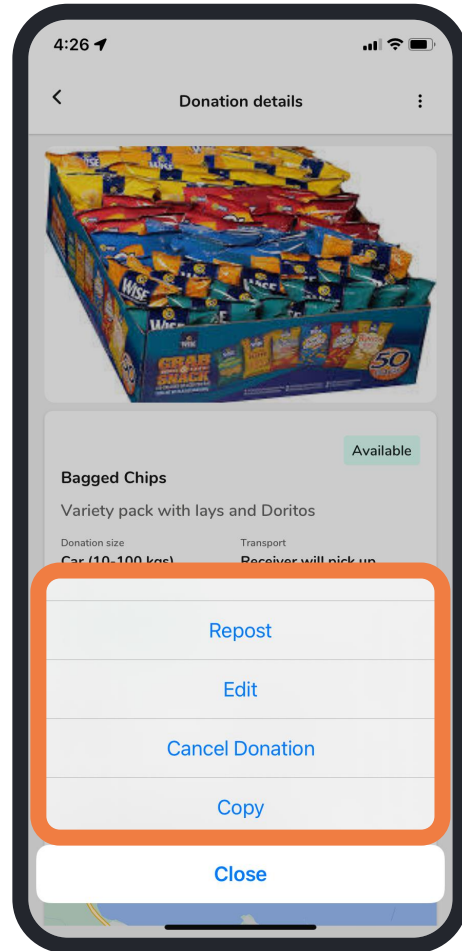

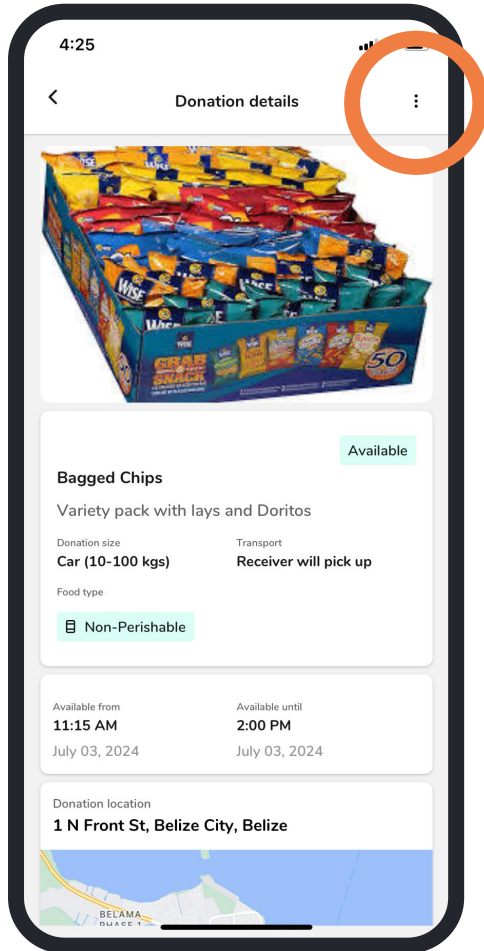

Back Post

Before Posting:

- Please upload a photo of the actual food you are donating.
- Select an image that clearly displays the food itself, rather than just its packaging

Editing a Donation

Repost:

If a nonprofit **doesn't respond** after reserving your donation, use the **Repost** option to make it available again.

Edit:

You can **update** your posted donation if you need to change the **pickup time** or **items**.

Cancel Donation:

Selecting **Cancel Donation** will **completely remove** your donation from Careit.

Copy:

Use the **Copy** feature if you want to **quickly create** a new donation using details from a previous one as a template.

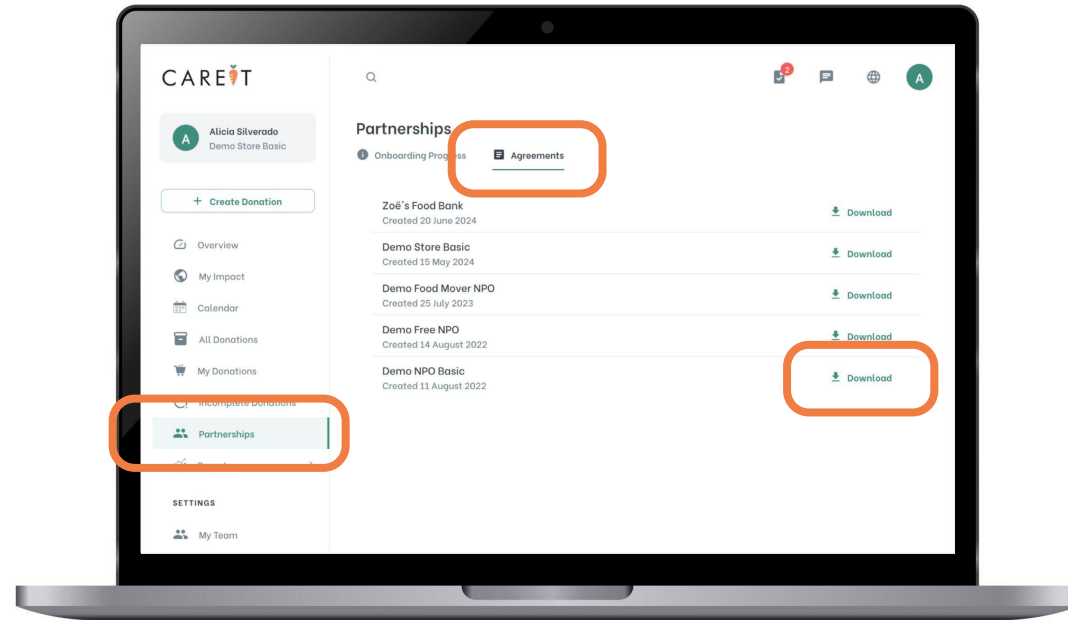

Handling SB 1383 Inspections

An inspector may visit your business to check on your SB 1383 compliance.

When this occurs, here's your action plan.

Agreements are exclusively viewed on the Careit web platform, not on the mobile app.

- 1 Open a web browser and go to my.careit.com
- 2 Log-in with the same credentials as you do for the mobile app.
- 3 Navigate to the **Partnerships** menu.
- 4 Select the **Agreements** tab.
- 5 Download your agreements here to show to inspectors.
- 6 Go to **All Donations**.
- 7 Use the **date entry fields** at the top to set the time frame for your donation history that the inspector wants to review.

Careit collaborates with local 501(c)(3) Nonprofits such as

- Soup kitchens
- Shelters
- Food pantries
- Elderly housing complexes
- Families in need
- And many more community support initiatives

Key facts:

- One in ten Americans faces food insecurity
- Nonprofit locations are typically within a 30-mile radius of businesses to ensure food safety during transport

Have a favorite nonprofit?

Tell Careit about them! We're always looking to grow our network and would be thrilled to invite them to join the Careit community.

Community Compatibility:

Donations are reserved according to the specific requirements of recipients.

Quality Matters:

Treat surplus food as if you were preparing it for your loved ones.

Stay Compliant:

Maintain detailed records of all donations, even those not claimed, to accurately track your progress.

Capacity Awareness:

Understand that not every donation will be accepted; nonprofits have varying capacities. Reach out to Careit for guidance when in doubt.

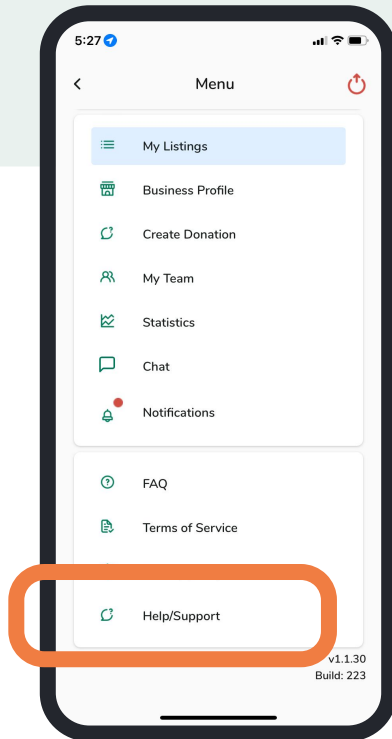

As a small nonprofit, Careit really helps me to streamline our process, and easily track food weights and impact to feed more hungry people.

Michael Longshore Director, Entouch
Betterment Foundation

Using
Careit

Timing: Post your donation at least five hours before it needs to be picked up, store overnight for a morning pickup window, if possible.

Listing Details: Use a descriptive title for your donation; include food type, quality, quantity, and pickup information.

Partner Selection: Only assign a nonprofit partner if they've previously agreed to take the donation.

Reposting: If the partner doesn't show up, use the "Repost" feature to make the donation available again.

Compliance: When inspected for SB 1383 compliance, present your agreements found in the Partnerships-Agreements section on the web dashboard.

Support: For additional help, navigate to the Support menu to contact Careit.

Donation
Guidelines

Edible Food: Donate all food that is at safe temperatures and not spoiled. Freshness is good but not mandatory.

Expiration Dates: Items with approaching or slightly expired Best-By Dates are still donatable.

Packaging and Labeling: Separate, store, and label donations clearly, noting allergens and dates on prepared foods.

What to Donate?

You're Protected

Food donors have been protected since 1996. **The Food Donation Improvement Act** and the **Bill Emerson Good Samaritan Food Donation Act** encourage good-faith donations of food to individuals in need without liability.

<https://www.usda.gov/sites/default/files/documents/usda-good-samaritan-faqs.pdf>

Easy Compliance with Careit

As required by California Senate Bill 1383, designated Tier 1 & 2 businesses must:

- Donate all surplus edible food.
- Keep records of donation details.
- Keep a list of partner contacts.
- Hold written agreements with each partner.

Businesses that use Careit to donate the maximum amount of surplus edible food will automatically comply with each of these requirements for free.

Print Me!

Produce:

- Any type of fresh whole fruit or vegetable (packaged or loose)
- Whole (uncut, unpeeled) fruit and vegetables do not require temperature control

Meat & Seafood:

- Must be USDA approved. Fresh meat and seafood must be maintained at 41°F or below. Frozen products at 0°F or below.
- Required packaging: Foods must be in their intact, original packaging.
- Transport in a separate container to avoid cross contamination.

Dairy & Eggs:

- Commercially packaged milk, cheese, yogurt, ice cream, eggs and egg products.
- Dairy products must be maintained at a temperature of 41°F or below.
- Must be in their intact, original packaging.

Non Perishables:

- Commercially canned, boxed, and otherwise packaged foods.
- Dented cans or slightly crushed or damaged boxes are ok. Bulging cans or unsealed bags should not be donated.

Prepared Foods:

- Prepared food that has been properly chilled to 41 °F or below or frozen, and has not been previously served may be safely donated.
- Required packaging: Secure, sealed, food grade packaging (e.g. sandwiches wrapped in plastic wrap or foil.)
- Maximum time hot foods can be out of temperature controlled environment is 2 hours.
- Label bulk prepared donations with any allergens and preparation date.
- Keep different meat types in separate containers.

Frozen Foods:

- Commercially packaged frozen food such as peas, berries, ravioli, waffles, etc.
- Frozen products must be maintained at a temperature of 0 °F or below at all times, including during transportation.
- Must be in their intact, original packaging.

Baked Goods:

- Items from commercial sources that have not been previously served to the public.
- Most bakery items do not require temperature control, unless they are filled with perishable components such as cream or meat.
