Fresno County Businesses & Multi-Family Units Are Required To:

AB1826 - Mandatory Organics Recycling

Businesses and multi-family units such as apartments who generate two (2) cubic yards or more of waste per week are required to have an organics recycling program in place. Mid Valley Disposal can assist you with becoming compliant with AB1826!

AB341 - Mandatory Commercial Recycling

Businesses and multi-family units such as apartments who generate four (4) cubic yards or more of waste per week are required to have a recycling program in place. Mid Valley Disposal can assist you with becoming compliant with AB341!

Senate Bill 1383 (SB 1383)

Mandates residents & businesses in California to participate in organic waste recycling. If you reside in zone 1, 2A, or 3A, you should have a green container, which is to be used for collection of both food waste & yard waste. Customers residing in zones 2B & 3B are currently exempt from SB 1383 requirements due to a low-population waiver issued by CalRecycle.

Visit cleanupfresnocounty.com/food-recycling for more information on SB 1383 requirements.
